

JOINING INFORMATION, Right to Die Europe (RTDE)

If your Group or Society is thinking of joining Right to Die Europe (RTDE), the following information may help you.

Right to Die Europe, with many European “Right to Die Society” Members, is an organisation (set up in 1993) to serve all those Groups & Societies working for individual rights to self-determination at life's end. Please visit the website www.rtde.eu for further information.

Membership of RTDE is open to all Societies or Groups in Europe that have Members or Supporters, a Board or Committee, which performs executive functions, & whose main Object, is consistent with the Objects of RTDE.

Alternatively, Associate Membership is open to Groups or Societies whose primary focus is not on Right to Die issues, but who support the Objects of RTDE, for example Human Rights organisations. Associate Members have no vote.

The Board of RTDE, on an interim basis, to be confirmed at the next Conference of Delegates (Members' General Meeting), may grant membership of RTDE at any time.

At present (2020), the annual fee for Membership or Associate Membership of RTDE is calculated (currently subject to a minimum of Euro 50 & a maximum of Euro 1,500) as 1% of the applicant's own annual income from membership fees. Concessions may be agreed (upon request) for impecunious Groups or Societies.

The Objects of Right to Die Europe are:

1. To strengthen the movement in Europe for choice in dying.
2. For that purpose to encourage the formation of societies in those countries which lack them.
3. To share the knowledge & experience of member societies with other societies.
4. To represent at the appropriate European organisations the interests of those who wish to have choice in dying.
5. To oppose those who wish to deny self-determination at the end of life.
6. To campaign for the legal recognition of living wills.
7. To seek social acceptance & legal recognition in Europe of self-determination in dying.
8. Such other activities as shall be conducive to the furtherance of the above objects.

The Constitution of Right to Die Europe may be found on the RTDE website www.rtde.eu.

International meetings of Right to Die Europe are normally held two-yearly, in Europe. These meetings offer individual Members attending a chance of live networking & collective solidarity, & an opportunity to establish contacts & make like-minded friends internationally.

If your Society or Group wishes to join Right to Die Europe, it would help if you would provide most of the following information. Please complete the table below, as far as you can, & send it by email attachment to board@rtde.eu.

If you have any questions before applying, please feel free to ask!

JOINING INFORMATION, Right to Die Europe (RTDE)

Information requested from Societies or Groups wishing to join Right to Die Europe. <i>(The boxes in this table should expand as you type, to accept as much text as you need to insert.)</i>
